

stone  70px ↓ color: black
← 150px →

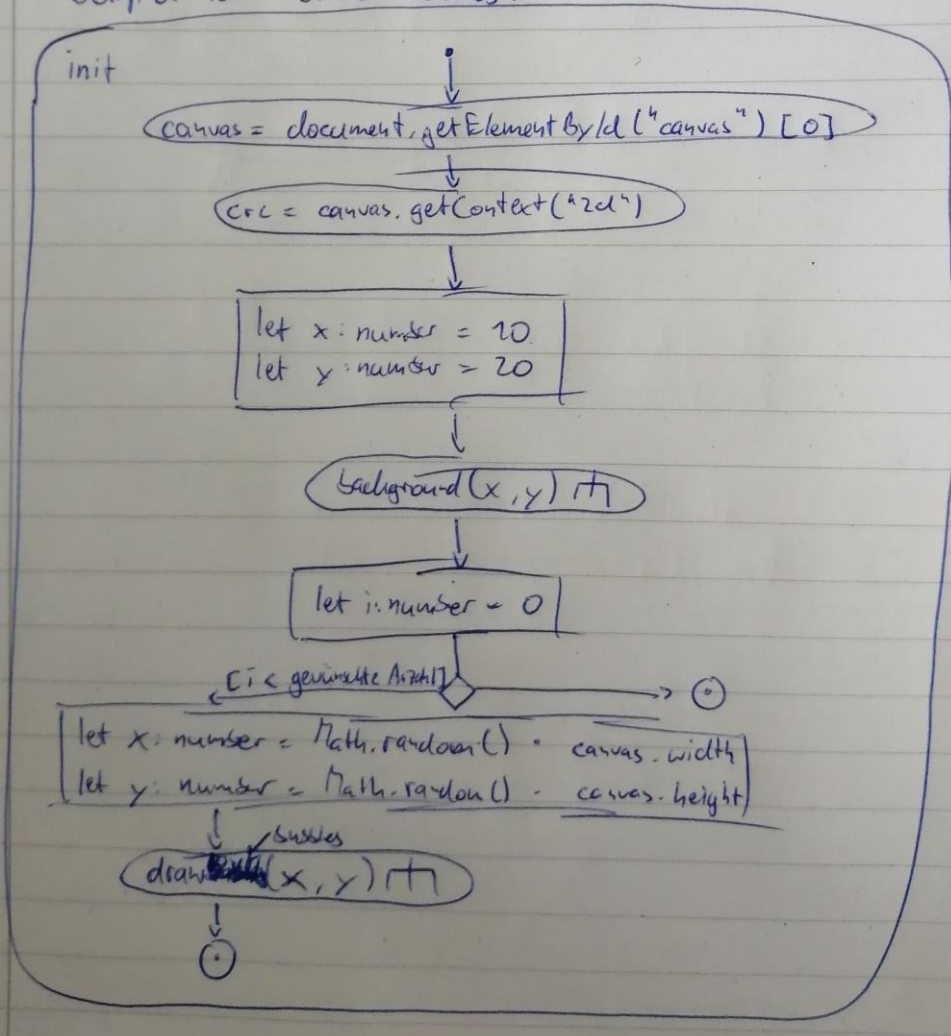

plant  180px ↓ color: green
← 20px →

fish  35px ↓ color: red (head)
← 50px → red (floss)
white (auge)

little stone/
bubbles  10px ↓ color (grey (stone))
← 10px → (lightblue (bubble))

Beispiel für mehrere Bubbles:

drawBubbles

x: number, -y: number

let bubble: Path2D = new Path2D()

bubble.arc(x + 10, -y + 10, 20, 0, 360)

ctx.strokeStyle = "white"
ctx.stroke(bubble)
